AUDIO SYSTEM – RCF

For over 20 years, Centro Pro Sound & Lights has worked with RCF, bringing professional audio solutions to customers across a wide range of applications.

Over the years, Centro has developed extensive experience in recommending and supplying RCF professional audio products for different sound reinforcement requirements. From individual loudspeakers and subwoofers to complete sound reinforcement systems, we help customers identify suitable solutions based on their application, venue, system requirements, and budget.

Our experience covers a wide range of RCF professional audio products, supporting applications such as live events, entertainment venues, installations, corporate events, houses of worship, performances, and other professional sound environments. Beyond product supply, Centro provides customers with product consultation, system planning, product matching, installation support, and technical assistance, helping to ensure that the selected RCF equipment works effectively within the overall sound system.

AUDIO SYSTEM – ALTO

Centro Pro Sound & Lights has supported customers with Alto Professional solutions across a variety of audio applications, providing practical recommendations based on each customer's requirements, venue, system configuration, and budget.

Our experience covers a range of Alto Professional products, including powered loudspeakers, subwoofers, mixers, portable PA systems, and other professional audio equipment. These solutions can support applications ranging from small presentations and meetings to live performances, entertainment, events, and mobile sound setups.

Centro focuses on understanding the customer's intended application before recommending suitable equipment. By considering factors such as audience size, venue requirements, portability, sound coverage, connectivity, and budget, we help customers select solutions that are practical for their specific needs.

AUDIO SYSTEM – AUDIX

Our approach focuses on understanding each customer's requirements, including the type of application, venue, sound system, performance environment, microphone requirements, and budget. This allows us to recommend suitable AUDIX microphone solutions that are matched to the customer's intended use.

Our experience covers AUDIX products for applications including vocals, live performances, instruments, recording, broadcasting, conferences, presentations, installations, and other professional audio environments.

Together with our broader experience in professional sound equipment, Centro provides product consultation, application guidance, system matching, setup recommendations, and technical support, helping customers achieve reliable and high-quality audio performance with AUDIX solutions.

CENTRO LIGHTING

Centro Lighting is our own professional lighting brand, developed and designed by Centro Pro Sound & Lights to meet the practical requirements of the entertainment, events, stage production and professional lighting industries.

Our lighting solutions are developed with a focus on performance, functionality, reliability and flexibility, offering products suitable for a wide range of applications including live events, concerts, stage productions, entertainment venues, clubs, corporate events and installations.

From LED moving heads, wash lights and PAR lights to effect lighting, strobes, lasers and other stage lighting equipment, Centro Lighting provides practical solutions designed around real-world professional applications.

By developing our own products and designs, Centro has greater flexibility to consider product specifications, features, applications and customer requirements, allowing us to continuously improve and expand our lighting solutions.

LED SCREEN

Centro provides professional LED Screen solutions for events, entertainment, advertising, and permanent installations, with systems selected and configured according to the requirements of each project.

Our LED screen solutions are designed with different pixel pitches, screen sizes, brightness levels, and indoor or outdoor requirements in mind, allowing systems to be configured according to the specific needs of each project.

Centro works closely with customers to understand their screen dimensions, viewing distance, display requirements, installation environment, and budget, providing practical recommendations for the most suitable LED screen configuration.

From individual LED display requirements to larger visual display systems, Centro provides consultation, system planning, configuration, installation, setup, maintenance, and technical support, supporting customers throughout the project from initial requirements to implementation.

CLIENT EXPERIENCE & PROJECTS

Centro Pro Sound & Lights has delivered exceptional audio-visual solutions for corporate events, concerts, and exhibitions across Singapore. Our team provides customized technical support and reliable equipment, ensuring every event runs flawlessly. Trusted by leading clients for our commitment to quality, precision, and seamless production excellence.

We serve event companies, contractors, entertainment venues, schools, businesses and individual users.

WHY CHOOSE CENTRO PRO

EXPERIENCE YOU CAN RELY ON

With years of experience in the professional audio and lighting industry, Centro Pro Sound & Lights understands the technical and practical requirements of different applications, from small-scale setups to larger events and installations.

COMPLETE AUDIO-VISUAL SOLUTIONS

We provide a wide range of solutions covering professional audio, stage lighting, LED screens, karaoke systems, and automation, allowing customers to source multiple solutions from one experienced supplier.

WHY CHOOSE CENTRO PRO

PROFESSIONAL PRODUCT KNOWLEDGE

Our team understands the products and their applications, helping customers select suitable equipment based on performance, venue requirements, system compatibility and budget.

TECHNICAL EXPERTISE & SUPPORT

Beyond equipment sales, Centro provides system planning, installation, setup, repair, servicing, maintenance and technical support, helping customers throughout the project and beyond.

WHY CHOOSE CENTRO PRO

SOLUTIONS TAILORED TO YOUR NEEDS

Every project is different. We take the time to understand the customer's requirements and provide practical, flexible and customised solutions rather than a one-size-fits-all approach.

ONE-STOP SERVICE

From product consultation and equipment supply to installation, maintenance and after-sales support, Centro provides a complete service experience under one roof.

WHY CHOOSE CENTRO PRO

COMMITMENT TO QUALITY

We are committed to providing reliable products, practical solutions and responsive service, building long-term relationships with our customers through consistent support and professional workmanship.
